In addition to these efforts, the NSS team distributed first-aid kits and conducted usage demonstrations for the villagers, ensuring that residents were equipped with essential healthcare resources and knowledge.

The NSS volunteers also organized engaging awareness talks covering vital topics such as hygiene, education, women's empowerment, and government welfare schemes.

These discussions encouraged active participation from community members, fostering a sense of collective responsibility towards social issues.

To further enhance community well-being, a cleanliness drive was undertaken, focusing on public areas and schools to maintain a clean and healthy environment for all.

The camp also featured an art competition that saw enthusiastic participation from local school students, providing them with a platform to showcase their creativity and artistic talents.

Additionally, yoga sessions were conducted to promote mental and physical well-being among participants.

Girijananda Chowdhury University remains committed to contributing meaningfully to society through education and service.

The successful completion of the special camp is just one example of how GCU continues to engage with local communities to foster sustainable development and improve lives.
